All our appetizer products are made in the city of Fougères in Brittany.

Château Fougères is an export brand of Mix Buffet for frozen products.

From the gateway of the French region of Brittany, across from the most ancient fortress in Europe, the delicatessen chefs of Château Fougères bring you unequaled products inherited from an age-old legacy of exquisite tradition, in the purest French culinary style.

Following in the footsteps of the Dukes of Brittany who long ago battled for their land and its cultural heritage, we strive to carry on an ancient and authentic tradition passed down for generations, bringing you recipes worthy of the most renowned French bakery and pastry master chefs.

By selecting the finest flour, milk, butter, cheeses and eggs with the utmost care, we ensure the unmistakable taste of our products.

Unsurpassed at making pâte à choux and puff pastry, our seasoned bakers skillfully prepare gourmet appetizers in our family-run workshop.

Enjoy our signature brand of delicious petits-fours and surrender to the genuine, timeless allure of Château Fougères.
